### **Three Strikes Policy**

Our discipline policy will be the three strikes you're out policy. This means any infraction deemed inappropriate, the student will be charged with one strike. After two strikes, parents will be called and notified of their student's status. After three strikes parents will be notified to come pick up their student. Parents must arrange transportation home for their student. No student will be allowed to participate after three strikes have been given. An act that defies leadership and established principles can immediately be cause for parental notification or transportation home.
